## Class List Information

**Please be sure to return your Class List information to your teacher or Room Parent as soon as possible.**

These lists not only serve as a means of communication within your child's classroom, but the school's CRT (Crisis Response Team) also keeps them in a binder with the emergency supplies in the event of a natural disaster or other emergency event so the school can get in touch with you quickly at the number provided. If you need another form, you can download one at:

## School Guard Crossing Program

As announced by Supervisor Norman Yee at Back-to-School Night, Lakeshore has been selected to host a new School Crossing Guard Program. We need a few parents to work with Ms. Classy and Mr. Hartford to help learn about the program and figure out what is needed to integrate it into Lakeshore. This is a great opportunity for our school and our students. Without volunteer help we will lose funding for this project and this amazing opportunity for improving the safety of Lakeshore's drop off and pick-up zones. Please email [pta@lakeshoreelementary.org](mailto:pta@lakeshoreelementary.org) contact Mr Hartford directly. Thank you!

## Box Tops for Education

Each one of these coupons found on boxes food, bake ware, apparel, storage bags, and other items is worth 10 cents each. We made more than \$800 last year by clipping these. Collect them yourself and get friends and family involved. Another way you can raise money through everyday activities!

Lakeshore PTA Fest

Wednesday, October 1st

From 6:00-8:30pm

Starting in Lakeshore's Learning Garden

Lakeshore's PTA membership and fundraising events reach across Lakeshore to ensure every child receives a well-rounded, quality education.

Please join us for an evening showcase of Lakeshore's many enrichment programs and other fantastic examples of how PTA dollars are spent to support your little Leopard.

There will be examples of students' art work with Sharon Collins and Marlene Bazdarich and live demonstrations from our Motor Perception consultant, Mimi Sarkisian. Poetry consultant Susan Terence will lead a creative writing and book making exercise in the Lakeshore library.

Music consultant Steve Rubenstein will serenade the group, while Garden consultant Martha Luna brings you to the Science in the Garden classroom. After, take a self-guided stroll through the Lakeshore gardens, maintained by Lakeshore students during their weekly science-based gardening class.

So come on out and meet your child's very dedicated program consultants, who enrich your child's primary years through the arts and sciences.

Light refreshments will be served from 6-6:30pm, leading up to the ribbon cutting for the new Cobb Bench in the Learning Garden. Tours will begin at 6:45pm.

Do not miss this special event and PTA General Meeting.

If you are interested in volunteering, please contact [heatherbaria@gmail.com](mailto:heatherbaria@gmail.com) to find a time and task suited just for you. Child watch will be offered to those volunteering.
